Physics C (Electric and Magnetic)	4	3	Phys1xx	Places out of Phys211.
Statistics	4	3	Math130	Gives credit for Math130 but not Core skill requirements.

No remarks indicates introductory course may be taken for credit.

"Places out of xxxx" indicates introductory course may not be taken for credit.

Double credit is not allowed. If AP credit is used to place out of a course or to give credit for a course then no additional credit is awarded if a student then takes that course.

With two exceptions, AP credit does not apply to requirements of the Core Program. Exceptions:

- AP scores giving credit for Math150 fulfills the core language/programming requirement
- AP scores giving credit for Writ101 partially fulfills a core writing requirement

Regardless of AP credit or placement, students need permission of area head and instructor in order to take any course above their year level.
